

Providence Creek Academy Athletics

WELCOME

It is with great pleasure to introduce myself as your athletic director here at Providence Creek Academy for the 2009-2010 school year. I am excited and eager to work with you the parents in providing the best athletic opportunity for your child.

I hope to fulfill this position to the best of my ability in assisting the coaching staff and athletes with support and organization. This year I want to stress the importance of teamwork and good sportsmanship in this program, so that Providence Creek Academy continues to be represented in an outstanding, positive manner.

Providence Creek Academy's mission statement is concentrated on the three A's: Academics, Athletics, and Thee Arts. This year we will be filling our rosters with student athletes from grades 6th-8th in football, cheerleading, cross country, volleyball, girls and boys basketball, baseball, and softball. I place the word student before athletes because academics come first and foremost. We need hard working athletes that can maintain and uphold a 77 % average or above in all subject areas including special classes. I assure you that we will provide the necessary academic support your child needs to balance both school and sports. We are a continually growing program and need the support of the parents both in the books and on the sidelines as well. Last year we had 9 sports, 17 coaches, and 164 athletes.

I will also be looking for dedicated parents to assist our sports boosters' organization. This organization is parent based in which parents would help plan, organize, and volunteer in fundraising, concession stands, and events for the children. Sparing just two hours of your time will be a tremendous help to building a successful program.

If you have any questions please feel free to contact me at 302-653-6276 ext 217. You may also email me at mgrace@pca.k12.de.us. Again I look forward to an amazing year for the athletic program and thank you for your time and support.
